

DISPENSER SETTINGS

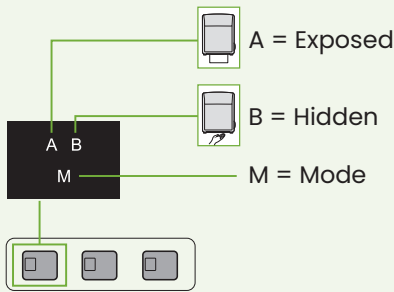

Adjustable Modes

Printed label inside dispenser

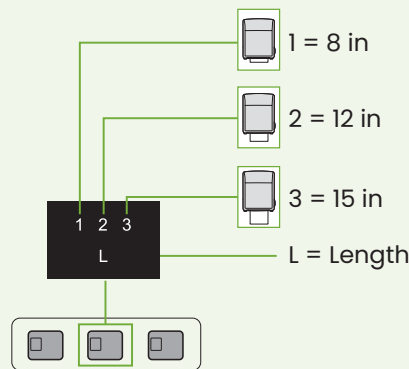

Customizable to Fit Your Needs

Transcend by Marcal electronic dispensers offer adjustable settings so you can choose the option that best fits your operation. These settings allow you to control usage, manage waste, and align with your specific environment and customer needs.

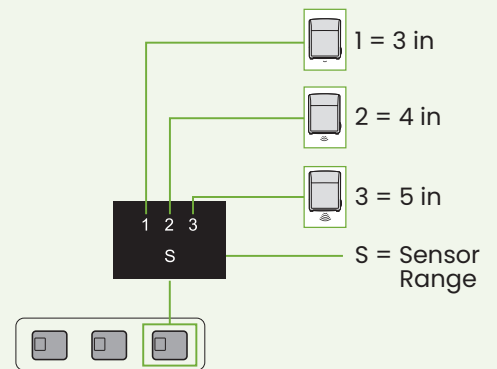

Mode

Select your preferred setting: towels can be pre-visible and hanging from the dispenser, or concealed until released by the motion sensor.

Length

Choose between an 8 inch, 12 inch or 15 inch towel.

Sensor Range

Determines how close someone needs to be to activate the dispensing sensor.
