White Dispenser Napkin- 500ct

Self-serve napkin stations get heavy use, so supply matters. Bella by Marcal®'s white dispenser napkins have the strength to handle everyday spills and sticky fingers. They load into compatible dispensers and dispense one at a time, which helps reduce waste and keeps counters neat. The 500-count pack keeps dispensers stocked through rush periods with fewer refills.

They're a practical, cost-conscious choice for quick-service restaurants, cafés, cafeterias, concession stands, and hotel grab-and-go areas.

Simple to load, easy to grab, and ready for every customer.
